RECENT DEATHS

James Irwin, aged 81 years, died at his

home in Fairbanks Village on Tuesday, August 30. He was in his usual health,

which was good, until about four days previous to his death. He was born in

Londonderry, Ireland, July 25, 1829, and came to Quebec when 16 years of age, where he learned the tailor's trade.

After leaving there he lived in Inverness several years, and was married there on

June 19, 1863, to Miss Mary McGill. About 13 years ago they moved to

Victory, a few years later moving to Passumpsic, and came to St. Johnsbury about eight years ago. He is survived by his wife and seven children: Mary,

Mrs. William Shores of Granby; David,

Robert James and Dora Frances, who

live at home; William J., and Joseph, who live here; and Margaret Isabel,

Mrs. George Shores, of Granby. One son died in Canada. The funeral was

Amatite Roofing

It Needs No Painting

No other roofing approaches Amatite in economy or durability.

Here are some of its features: 1. Low Price. Amatite costs, weight for weight, about

half as much as ordinary smooth-surfaced roofings. 2. No Painting Required. Amatite costs absolutely nothing to maintain because it has a real mineral surface. 3. Absolutely Waterproof. Amatite is waterproofed with

coal tar pitch, the greatest waterproofing compound known: 4. Easy to lay. No skilled labor is needed for Amatite. It is just a matter of nailing down.

5. Stormproof. Amatite is not a flimsy, paper-like felt. It is one of the heaviest and the most substantial ready roofings made, weighing 90 lbs. to the square, against 40 to 50 of material in the ordinary "Rubber" roofings. We send samples free. Drop a postal to our nearest office.

The Greatest of American Plays,

"Paid in Full," Sept. 13. Those who are curious about the heatre-and no other single contributory to the present-day social structure possesses so general interest-will be entertained by some striking bits of information relating to a successful play. The play is "Paid in Full," written by Eugune Walter, produced by the Wagenhals & Kemper Co., pronounced by public and critics the greatest and most enjoyable American drama of the time and shown by actual proof to be the most notable success the stage in this country has known. 'Paid in Full' is now in only its third year, its second outside of New York, yet it has been played a total of two hundred and forty-seven weeks, with over two thousand performances. The Final Settlement.

"The Final Settlement," a drama of today, will be the attraction at the Colonial on Thursday, September 15, for one night only. This will be the first presentation of the play in this city. It is quite melo-dramatic, with a strong vein of good comedy. The story deals with the early struggles of a young foreman in one of the mills of a great iron corporation. Through accident he is raised to the position of president of the corporation. His suddenly acquired wealth and position, and the allurements of life in the fast social set in which he moves, cause him to renounce the wife of his youthful struggles and priva-i tions and to seek companionship in the person of a beautiful actress, whom he believes better qualified for the exacting demands society would make upon the wife of a man of his exalting commercial position and wealth. His subsequent ruin and his final rescue at the hands of the wife of his youth, form the basis of the melo-drama. The company presenting the play is a strong one is now playing the big city time, and the production is in every way qualified to give the theatre goer a good evening's entertainment.
